

# **FONDY JUNIOR FOOTBALL**

August 21, 2020

The Fondy JFL Board of Directors wanted to send out an update for the 2020 season. The information we receive quickly changes and therefore it is difficult to constantly share decisions without confusing many people in this fluid environment.

We are committed to our core values of providing the youth in our community an opportunity to participate safely in tackle football while enhancing their physical and mental health.

On August 17, 2020 the Great Lakes Independent Football Conference announced to cancel the 2020 football season, which we are a member of. The GLIFC will not provide oversight or assist in scheduling but is not forcing member organizations to cancel their seasons.

The FJFL Board met and voted unanimously to proceed with a season. We are working to develop a 4-game minimum schedule for all grade levels. We are reaching out to other organizations outside of our normal conference area to help obtain opponents.

No one could have conceived the struggles put forth on families, communities, businesses or organizations. We have invested in keeping our players, coaches and parents as safe as possible with added guidelines and restrictions around practices and games. We have new sanitation procedures and equipment cleaning, guidelines for safe gathering and participation, constant facility cleaning with sanitizers and wipes, facial protection and more.

Please have patience and understanding that changes are happening often and we will try to keep you updated when new direction is agreed upon. Check your emails and our website [www.fondyjuniorfootball.com](http://www.fondyjuniorfootball.com) for updates.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kurt J McArthur', written in a cursive style.

Kurt J McArthur  
Fondy Junior Football League President
